🤖 chatbot is ready! Type 'exit' to quit.  
You: hi  
Bot: Hello!  
You: good morning  
Bot: Hello!  
You: who are you  
Bot: Goodbye!  
You: what are you  
Bot: I'm a simple AI chatbot created for your internship 🤖  
You: see you soon  
Bot: Goodbye!  
You: exit  
Bot: Goodbye! 🤖  
PS C:\internship>
```

The left sidebar shows the Explorer view with a file named `h.py` selected. The bottom left shows the Outline view with a list of files: `internship`, `outline`, `lemmatizer`, `intents`, `preprocess`, `sentence`, and `words`. The right sidebar shows the Run and Debug view with a list of debuggers: `powershell`, `python`, and `powershell`.
